

Jocelyn & Chris Arndt

Radio, Television, & Press Stage Plot
Semi Acoustic

For intimate recorded or broadcast performances we perform in a four piece, semi acoustic format.

Instruments are acoustic guitar, two vocals, cajon (percussion), and bass.

For convenience and timely set up we offer two options:

Option 1

You Team Handles Sound

Our set up is best captured with two vocal mics, an additional mic for the cajon, and two DIs to cover the guitar and bass.

However, relatively balanced sound can be achieved with a single quality room mic.

Option 2

We Provide Mixed Sound

We travel with a compact mix rack that is pre-programmed for broadcast performances and sounds exceptional. In this case we can give you a single output with a fully mixed signal.

We provide all mics and DIs.

Set up and strike is very fast.

BASS

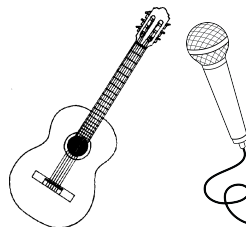

1 DI

MAIN VOCALS

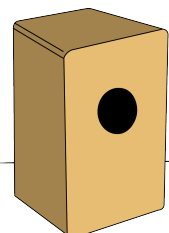

1 MIC

ACOUSTIC GUITAR/
BACKING VOCALS

1 MIC/DI & 1 MIC

CAJON

2 MIC (Front
and Back)
